metaCat Guide

metaCat reacts to your touch. Pet its head, jaw, and back, metacat will move and meow. If you hold the head or jaw, metacat will respond with purring; And if you hold its back, you can feel metacat's heartbeat.

Open the pocket under metacat's belly, you will see the charging port and the three-stage switch.

Charge your metacat with the provided a type-c cable and you will see the blue light when successfully connected.

ON-MUTE-OFF, Three-stage Switch
